Safeguarding their insurance certificates are the Society's gross assets exceeding 146 million dollars, and reserves of nearly 143 million dollars.

You, Too, Can Enjoy the Fraternal Benefits and Protection of Woodcraft

Ask your local Woodmen representative to tell you about the various types of Woodmen legal reserve life insurance certificates that will give you the financial security Woodmen enjoy. This Old Treatment Often Brings Happy Relief

Brings Happy Relief

Many sufferers relieve narging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to ramain in your blood, it may cause naging backache, rheumatin pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizniness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from "our blood. Get Doan's Pills.

In Memoriam

In loving memory of our dear wife and mother Mary Catharine Troutman who passed away one year ago March 14, 1944

One year ago today you left us, How we miss your loving face, You left us to remember. None on earth can take your place.

No one knows the silent heartaches, Only those who have lost can tell. Of grief that is borne in silence, For our dear Mother we loved so well.

Each day and everyday brings back swe memories,

Every moment brings a tear,
Deep within my heart I cherish,
Thoughts of my Mother I loved so dear.

From the world of pain and sorrow, To the land of peace and rest. God has taken you dear Mother. Where you have found eternal rest.

Sadly missed by Her HUSBAND AND CHILDREN

Wolfe's Market To Quit; OPA Rules Given as Reason

Firm Will Close Shop Here April 15 after 150 Years in Business

Charging that OPA price regulations are "severe" and "impossible" and are designed "to lun the small man out of business," Charles H. Rationing of Advertising

The Cumberland Evening Times and The Cumberland News in recent months have been forced to turn away a large proportion of advertising offered them. In today's issues, for instance, almost two pages of advertising have been omitted. This condition has arisen as a result of a shortage

of paper for the current quarterly period which ends We want our advertisers to know we are aware

of the increased importance of the message which they have for the public in this war period, and so long as rationing of advertising is necessary we will apportion the space available as fairly and equitably as possible to all advertisers. Our advertisers will be the first to understand,

however, that the Times and News have an absolute obligation to their thousands of readers to continue to present complete newspapers—news of a world at war, local and national news, entertainment features, columns of opinions, and instructive articles, as well as the message of our advertisers.

To that end the Times and News dedicate their efforts during this emergency.
